XSPANTM

Versatile system for multiple needs

Longspan Shelving

Description

XSPAN is a perfect shelving solution for all types of items as the design allows the span to be configured as per the specific requirement. This creates maximum storage capacity from available space with lost space kept to minimum. This is ideal for small and medium loads of varying size and types. Multi-tier systems can be tailor-made to meet specific requirements which maximise the available space.

Benefits

- **Versatility** - to be configured to any size that ensures optimum utilisation of available space. Which allows to store virtually anything like boxes, tubes, drums, rods, cartons, clothes etc.
- **Accessibility** - to individual items ensures quick & easy picking.
- **Adaptability** - to varying load with the help of wide range of beam & panels. Beam adjustment also possible at 50 mm interval.
- **Modularity** - enables easy expansion in future which fits seamlessly into the existing system.

Dimensions

Height 
1500-6000 mm at a pitch of 100 mm
Depth 
450-900 mm at a pitch of 150 mm
Beam Length 
1200-2500 mm at a pitch of 100 mm
Maximum Load / Shelf
800 Kg.
Maximum Load / Frame
5.0 Tons

Applications

- Auto / Auto Ancillary
- Apparel / Textile
- Light Engineering
- Record Management Stores
- Third Party Warehousing
