Floor Care Solutions

Introducing swaHH Floor Care Solutions

Godrej is 121 year young, USD 5.1 Bn conglomerate with a presence across the globe. Our products touch the lives of second Indian every day. Godrej has always stood for Trust, Integrity and Environment. At Godrej Material Handling, we continually work towards increasing productivity and adding value to provide safe workplace.

Continuing with our tradition, we introduced Industrial Floor Cleaning Solutions from a world leader Tennant Company in 2006. To increase our commitment towards safe workplace, we are pleased to launch Swachh range of floor care solutions which adds to **Cleanliness**, **Healthiness** and **Happiness** at workplace.

swaHH Walk Behind Scrubber Series

1. Ergonomics handle increases ease of use and reduces operator fatigue

2. Dedicated solenoid valve controls flow of water to the brush for optimized cleaning

3. Quick release break away squeeze design reduces damage hence reduces maintenance and replacement cost

4. Self-adjusting splash skirt on scrub head avoids overspray and eliminates follow passes

swaHH Sit Down Scrubber Series

1. Rear wheel drive for smaller turning radius

2. Ergonomic design allows operator to work longer time and thus increasing productivity

3. Autostop mechanism brush gets activated when machine is idle

4. Automatic squeeze lift mechanism in reverse direction prevents damage to the machine

Benefits:

- Roto mould body can withstand impact, for stronger industrial application
- Compact size of machine allows scrubbing in narrow aisles
- Low noise operation thanks to protected positioning of vacuum motor
- Low Voltage cut out protects battery from complete discharge
- No tools required for changing brush and squeegee, thus increasing productivity
- Easy access to battery compartment
- Non marking wheels
- Automatic detergent measuring system
- Twin counter rotating brushes obtain better stability and constant pressure on the floor
