Heavy Duty Shelving

Bulk Document Storage

Heavy Engineering Storage

Apparel Storage

Heavy Duty Shelving is a simple storage solution, which facilitates storage of non palletized items. It is ideal for large variety of medium to big sized items that can be handled manually. This enables flexibility of managing variety of items and higher levels can be reached by providing catwalks and multi-tier systems.

Benefits

- **Flexibility** to be configured to any size best suited to the available height and layout.
- **Modularity** through range of components enables easy expansion in future which fits seamlessly to the existing system.
- **Variety** of items can be stored.
- **Adaptability** to varying load sizes beam adjustment possible at 50mm intervals.
- **Wide Range** of beam & upright sections enables to choose the most effective solution for any load size.

Applications

- Bulk Document Storage
- Engineering
- Auto/Auto ancillary units
- Energy/Power
- Textile/Apparel
- FMCG
- Third Party logistics

- Main Components**
- 1 Upright
 - 2 Beam

- Safety Accessories**
- 3 Mesh Guard
 - 4 Stopper

- System Accessories**
- 5 6 Bend Panel with space
 - 6 6 Bend Panel without space
 - 7 4 Bend Panel

Godrej Advantage

Uncompromising Quality

All components are designed as per IS 800/801/SEMA guidelines to ensure safety of the system. Prime quality steel conforming to IS 5986 renders the requisite strength and rigidity.

All components are given a thorough 5 zone 8 stage special pre-treatment and subsequently powder coated with epoxy polyester powder for scratch resistant and long lasting surface finish.

Unique manufacturing capability

Our highly sophisticated manufacturing facility uses world-class processes and equipments. This includes imported roll forming machine, semi-automatic welding facility and an automated paint booth, that can finish components in single piece, up to 9 metres long.

Unmatched project expertise

Godrej is the only Indian company which has the installation capability to execute concurrent multiple large projects of any size and type at various locations. We have proven credentials of having successfully executed projects of 20 metres height and value of 30 crores. Our trained installation team with latest project management techniques ensures project completion with right quality and committed time.

Wide reach

We have the widest reach in the country with an extensive distribution network of branches and dealers which covers the length and breadth of the country. We also have presence in several countries in Asia and Africa.
